3G Network Shutdown

AT&T Compatible Phones
Last Updated 12/15/21

mobile

INTRODUCTION

AT&T 3G
Network Shutdown

AT&T is shutting down its 3G network and this process will be finished by February 22, 2022. Once the 3G network is shut down, 3G cell phones will also not work on Good2Go Mobile.

We're here to help. The latest information will be posted here.

Devices in this list are tested and approved for the AT&T network. See next page on how to find your device model number.

If your phone is not on the list, it is most likely non-compatible. You will need to purchase a new, unlocked phone to avoid a service interruption.

There are many versions of the same phone, especially here in the United States. Each version has its own model number, even when the marketing name is the same.

Example

- Galaxy S20 models G981U and G981U should work on the Good2Go network.
- Galaxy S20 models G981F, G981N and G981O will NOT work
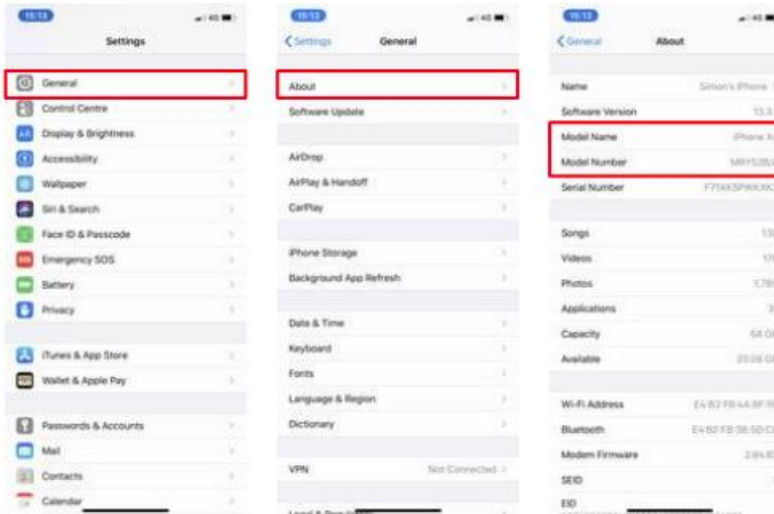

TABLE OF CONTENTS

HOW TO

DETERMINE YOUR
PHONE MODEL

Some manufacturers make it simple by putting the phone model on the outside of your phone, typically on the back. If your phone is not labeled, you can follow these instructions.
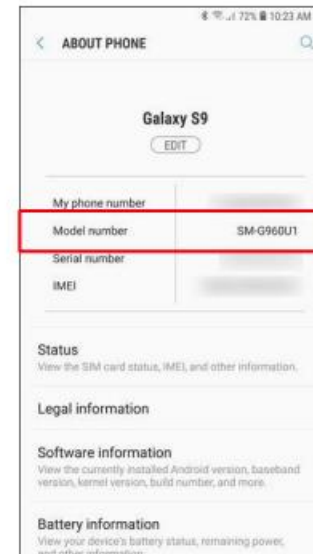

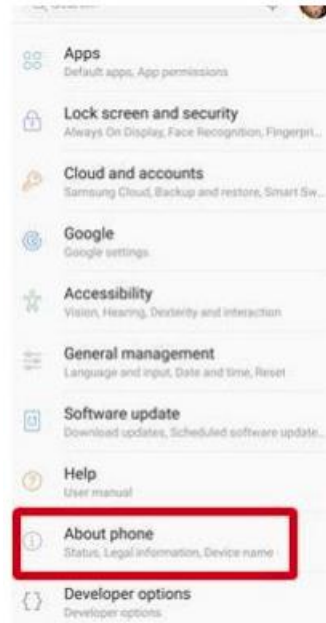

For iPhones®

1. Go to **Settings**.
2. Tap **General.**
3. Tap **About** to view the model name and number.

For Androids®

1. Go to **Settings**. You may have to go into the System menu next.
2. 2. Tap About Phone or About Device to view the model name and number

Other Phones

1. Go to **Settings**.
2. Tap About Phone to view the model name and number

OR

1. Remove the back cover.
2. Remove the battery.
3. Look for the model number on the inside of the phone usually on a white label.

UPDATE PHONE SOFTWARE

If you have one of the devices needing a software upgrade
(noted by a * on the following pages) you need to make sure
you have the latest device software.

For iPhones®

1. Plug your device into power and connect to the internet with Wi-Fi.
2. Go to **Settings** > General, then tap **Software Update.**
3. If you see two software update options available, choose the one that you want to install.
4. Tap Install Now.

For Androids®

1. Make sure your device is connected to Wi-Fi.
2. Open **Settings**.
3. Select **About Phone**.
4. Tap **Check for Updates**. If an update is available, an Update button will appear. Tap it.
5. Install. Depending on the OS, you'll see Install Now, Reboot and install, or Install System Software. Tap it.

APPLE

As far as iPhones are concerned, you probably won't have to worry much.

We are told iPhone 6 and newer should work on the network after the 3G shutdown is complete.

The same is true for the iPad. The iPad 3 and newer and the iPad Mini 1st edition and newer should also be compatible.

- Apple iPhone 6 series
- Apple iPhone 7 series
- Apple iPhone 8 series
- Apple iPhone 10 series
- Apple iPhone 11 series
- Apple iPhone 12 series
- Apple iPhone 13 series

- Apple iPad 3 or newer
- Apple iPad Mini 1st Edition and Newer

iPhone, Apple and the Apple logo are registered trademarks of Apple Inc.

SAMSUNG

These unlocked Samsung phone models should work on the Good2Go Mobile after the 3G network shutdown.

- Galaxy A71 5G (A716U, A716U1)
- Galaxy A52 5G (A526U, A526U1)
- Galaxy A51 5G (A516U, A516U1, A516UP)
- Galaxy A51 (A515U, A515U1)
- Galaxy A50 (A505U1, A505A, S506DL)
- Galaxy A42 5G (A426U1)
- Galaxy A32 5G SE (A326U, A326U1/DS)
- Galaxy A21 SE (A215U1)
- Galaxy A13 5G (A136U)
- Galaxy A12 SE (A125U, A125U1/DS)
- Galaxy A11 (A115A, A115AZ, A115AP, A115U1)
- Galaxy A10e (A102U, A102UC, A102U1)
- Galaxy A6 (A600A, A600AZ)
- Galaxy A02 (A025A, A025U1/DS)

LG Models and the LG logo are registered trademarks of LG Inc.

Please note

In a statement last year, LG announced it was shutting down its US mobile phone business.

We cannot recommend LG phones to our customers – technology evolution regularly requires software updates that may become difficult to receive.

*Indicates devices that may require a software update to enable HD Voice/VoLTE, Wi-Fi Calling, Advanced Messaging or 5G
**AT&T version only

Motorola

These unlocked Motorola phone models should work on the Good2Go Mobile after the 3G network shutdown.
